

# Count on GSA for Total Emergency/ Disaster Support Solutions

## Full Support for Emergency Response and Recovery

GSA provides comprehensive emergency support to federal agencies, states, and local entities, when and where it's needed. Whether in preparation of, response to, or recovery from emergencies and natural disasters, GSA has in place the resources, services and supplies to provide total solutions for all emergency and disaster support needs. This includes establishing protection, restoration and sustainment of telecommunications, under Emergency Support Function (ESF) #2, as well as logistics management and resource support and replenishment under ESF #7.

***GSA is committed and stands ready with a host of offerings to support and assist our partners and customers — before, during and after a disaster or emergency event:***

- Various disciplines throughout the procurement process
- Established BPAs/contingency contracts
- Placing orders from GSA Global Supply™ depots
- 24-hour hotline
- Disposal of excess personal property
- Procurement of transportation services
- Securing emergency lodging
- Obtaining vehicles for short-term use
- Obtaining ground transportation, such as bus, shuttle or charter services
- Restoration and provisioning of critical telecommunications capabilities

- State/Local Disaster Recovery Purchasing program
- Leasing emergency office, warehouse, or other support space
- Providing architectural and engineering services
- Access to environmental mitigation services
- Structural emergency response team
- Land acquisitions

***Highlights of solutions GSA provided during the past year:***

In 2009, over \$13.6 million of supplies and services were procured to support FEMA. This consisted of:

- 800 yurt tents (large shelter tents)
- 163,000 tarps
- 36,000 cots
- 250,000 blankets
- 10 (500 KW) generators (e.g. the size of a tractor trailer) \*\*
- Nine generators (KW 60 to 250)

Travel and Transportation support included:

- \$104 million (1.2 million nights) in emergency lodging
- \$27 million in transportation services

*Note: Purchases YTD FY '10 = \$5.7 million for cots, fuel tanks, generators and other items.*

Smarter Solutions

GSA's Office of Emergency Response and Recovery is dedicated to the planning and coordination of disaster mitigation, preparedness, responses and recovery against natural or man-made incidents.

We have a network of regional emergency coordinators across the country to support your emergency and disaster support needs.
